

## **MEASAT RECOGNIZED IN TECHNOLOGY BUSINESS REVIEW ASEAN AWARDS 2008**

**KUALA LUMPUR, 6 November, 2008** - MEASAT Satellite Systems Sdn. Bhd. ("MEASAT") announced today it had been recognized in the 2008 Technology Business Review ASEAN Award for excellence in the telecommunications sector.

The award, which is decided by a Selection Committee comprised of Deputy Ministers and Secretary Generals from selected Ministries, is given annually to companies in recognition of their achievements in their respective sectors.

"Over the last five years, MEASAT has invested significantly to maintain its position as the satellite operator of choice for the Malaysian ICT industry and to develop a strong regional presence," said Paul Brown-Kenyon, Chief Operating Officer, MEASAT. "Recognition in the Technology Business Review ASEAN Awards is acknowledgement of the commitment of our shareholders, partners, customers and staff in creating a strong and successful regional satellite operator."

### **About MEASAT**

MEASAT is a premium supplier of satellite communication services to Asia's leading broadcasters, DTH platforms and telecom operators. With the recent commissioning of AFRICASAT-1, the MEASAT fleet is able to provide satellite capacity over 145 countries representing 80% of the world's population across Asia Pacific, Middle East, Africa, Europe and Australia. The fleet will be further enhanced with the launch of MEASAT-3a, providing additional capacity and in-orbit redundancy at the Company's key 91.5E orbital video slot.

Leveraging facilities at the MEASAT Teleport and Broadcast Centre, and working with a select group of world-class partners, MEASAT also provides a complete range of broadcast and telecommunications services including high definition and standard definition video playout, video turnaround, collocation, uplinking and IP termination services.
