

TM RENEWS TRANSPONDER CAPACITY WITH MEASAT

KUALA LUMPUR, 8 May 2009 - MEASAT Satellite Systems Sdn Bhd ("MEASAT") announced today that Telekom Malaysia Berhad ("TM") has renewed a contract for the leasing of transponder capacity on the MEASAT-3 satellite.

TM, an integrated information and communications group, offers communication services and solutions in broadband, data and fixed-line. MEASAT has been supporting TM's satellite requirements since 2001. Under this agreement, TM will continue leasing transponder capacity on MEASAT-3, for an additional 3 years. MEASAT-3 will be joined with the soon to be launched MEASAT-3a at the 91.5E orbital location, providing redundant C and Ku-Band satellite capacity to the Asia Pacific region.

"We are delighted that TM chose to renew their contract with MEASAT as South East Asia represents a highly competitive market for satellite operators," said Terry Bleakley, MEASAT's Vice President, Commercial Operations. "With a reliable fleet of satellites and increased coverage provided with the launch of MEASAT-3a in June 2009, MEASAT will look to build and grow the existing relationship with TM."

About MEASAT

MEASAT is a premium supplier of satellite communication solutions to Asia's leading broadcasters, DTH platforms and telecom operators. With commissioning of AFRICASAT-1, the MEASAT fleet is able to provide satellite capacity over 145 countries representing 80% of the world's population across Asia Pacific, Middle East, Africa, Europe and Australia. The fleet will be further enhanced with the launch of MEASAT-3a, providing additional capacity and in-orbit redundancy at the Company's key 91.5E orbital video slot.

Leveraging facilities at the MEASAT Teleport and Broadcast Centre, and working with a select group of world-class partners, MEASAT also provides a complete range of broadcast and telecommunications services including high definition and standard definition video playout, video turnaround, collocation, uplinking and IP termination services.

About TM

Telekom Malaysia Berhad (TM), Malaysia's leading integrated information and communications group, offers a comprehensive range of communication services and solutions in broadband, data and fixed-line. As a market leader in the broadband and fixed-line businesses, TM is driven to deliver value to its stakeholders in a highly competitive environment. The Group places emphasis on continuing customer service quality enhancements and innovations.

With its extensive global connectivity, TM is poised to position Malaysia as a regional Internet hub and digital gateway for South-East Asia. In line with this, TM is evolving into a Next Generation Network service provider enabling the Group to enhance its efficiency and productivity while providing enriched products and services.

On the Corporate Social Responsibility (CSR) front, the Group has always been a major corporate contributor towards responsible activities in the belief that these practices are a fundamental tenet of good corporate governance. The Group promotes 3 major platforms i.e. education, community/nation-building and environment. Under education, TM has spent some RM800 million to develop Multimedia University into one of the top universities in Malaysia with more than 20,000 students. TM has also provided scholarships to over 10,000 graduates pursuing academic programmes locally and overseas. Under the community/nation-building platform, the Group contributes towards causes that bring value to the community and nation at large. TM was awarded the prestigious STAR-BIZ ICRM Corporate Responsibility Award under the workplace category for 2008.
