## **MEASAT OFFERS SPACE MANAGEMENT SCHOLARSHIP PROGRAM**

**KUALA LUMPUR, 7 February 2010** – MEASAT Satellite Systems Sdn. Bhd. (MEASAT) announced today a space management scholarship program, with the support of Boeing Satellite Systems, will be offered to deserving Malaysians.

The scholarship for a one-year Masters Degree program in Space Studies or Space Management at the International Space University (ISU) in Strasbourg, France, commences in September 2010. The scholarship is open to Malaysian citizens aged 35 and below. Applicants need to have obtained an accumulative minimum GPA of 3.6 or above in the field of Economics / Finance / Mathematics / Law / Business Administration / Electrical / Communications Engineering / Aerospace Engineering or Physics. Candidates need a strong command of verbal and written English.

Interested candidates can submit an updated resume, certified true copies of relevant certificates, their SPM results, university transcripts, the names of 3 referees and other supporting documents no later than **25 February 2010**. For the full terms and conditions of the scholarship, please visit [www.measat.com](http://www.measat.com).

### **About MEASAT**

MEASAT is a premium supplier of satellite communication services to Asia's leading broadcasters, DTH platforms and telecom operators. Operating four communications satellites, the MEASAT fleet is able to provide satellite capacity to over 145 countries representing 80% of the world's population across Asia Pacific, Middle East, Africa, Europe and Australia. With the newly launched MEASAT-3a satellite located at the Company's key orbital slot at 91.5°E, the MEASAT fleet has a total of 100 transponders across four satellites.

Leveraging facilities at the MEASAT Teleport and Broadcast Centre, and working with a select group of world-class partners, MEASAT also provides a complete range of broadcast and telecommunications services including high definition and standard definition video playout, video turnaround, co-location, uplinking and IP termination services.
