### **MEASAT Expands Nepal Coverage with Launch of Angel TV Namaskar** *Strong satellite neighbourhood enables strategic market leadership*

**Kuala Lumpur, 24 March 2026** – MEASAT Global Berhad (“**MEASAT**”) – Malaysia’s premier spacetechnology provider, is providing satellite broadcasting services for Angel TV Namaskar, a new HD Nepali language channel, via the MEASAT-3d satellite. The channel, which primarily caters to the Nepal market, is part of the Angel TV Networks group. This partnership leverages MEASAT’s extensive reach to deliver high-quality content to viewers across the region, further strengthening the network’s international presence.

Ganendra Selvaraj, Chief Commercial Officer, MEASAT, remarked, “We are pleased to partner with Angel TV Networks for the launch of Angel TV Namaskar. Leveraging our cutting-edge MEASAT-3d satellite at the prime 91.5°E orbital hotspot, MEASAT remains the preferred satellite solutions provider for South Asia and a natural choice for reaching audiences in Nepal. The addition of Angel TV Namaskar further diversifies the ever-growing bouquet of channels served by our video neighbourhood, reinforcing the enduring relevance of satellite broadcasting in a fast-evolving content distribution landscape.”

Subash Raja, Chief Operations Officer, Angel TV Networks, added, “By choosing the MEASAT-3d satellite to support HD broadcasting of Angel TV Namaskar, we are ensuring that our audience enjoys a premium viewing experience that resonates with the unique cultural landscape of Nepal. There is significant demand for lifestyle and entertainment content in the region, and we are pleased to contribute a new supply of constructive, family-friendly content for viewers.”

The 91.5°E prime video hotspot, home to the MEASAT-3b and MEASAT-3d satellites, forms the region’s strongest video neighbourhood. From this location, MEASAT supports broadcasters and DTH operators in distributing UHD, HD, and SD channels to audiences throughout the Asia-Pacific.
