

Assistant Manager cum Chageman B0

Employment Type: Shift (12-hour)

We're hiring! Join MEASAT to support national digital progress and take on challenges in a dynamic, fast-paced environment.

Job Description:

Responsible for supporting the Facilities Manager in planning, managing, and supervising the operations and maintenance of MEASAT's critical facilities. The role ensures safe and uninterrupted performance of all electrical, mechanical, HVAC, and building infrastructure systems.

Electrical Systems (Chageman - B0 11kV)

- Operate and maintain HT and LV electrical systems including:
 - 11kV and LV incomers, 415V switchgear, 200kVA × 8 Socomec UPS systems
- Gather report of weekly testing of 1500kVA generators and 500kW load bank
- Conduct maintenance & troubleshooting, and ensure compliance with Suruhanjaya Tenaga

HVAC & Cooling Systems

- Oversee operations and monitoring of 36 precision AC units (Dunham Bush).
- Coordinate District Cooling System operations with external providers (e.g., Megajana)

Contractor Management & Regulatory Compliance

- Supervise maintenance vendors, service providers, and project contractors.
- Support coordination with BOMBA, SYABAS, TNB, DBKL, DOE, JKPP, & Suruhanjaya Tenaga.
- Prepare audit documents and assist during regulatory inspections.

People & Team Coordination

- Coordinate work schedules and task assignments for shift chagemen and technicians.

Candidate Requirements:

- Bachelor's Degree/Diploma/Certificate in Mechanical/Electrical/Electro-Mechanical/Building Services Engineering or any related discipline
- Must have Chageman Certificate of at least B0 11KV issued by Suruhanjaya Tenaga, Malaysia
- At least 10 years hands on experience in facility operations/maintenance
- Ability to work on-calls during emergency breakdowns & under tight schedule
- Experience in broadcasting or/and data centre, or similar high-availability environments.
